

# HEALTH AND SOCIAL CARE TRAINING

## Who are we?

We are one of the North West's leading government funded training providers. We enable health and social care businesses to train, upskill and develop their staff using apprenticeships and commercial courses.

**Develop your  
care workers to offer  
a first-class service.**

We offer a complimentary consultancy service to ensure we find the best qualification for you and your business. Contact us to discuss this opportunity further.

# Why Choose an Apprenticeship for Staff Training?

There's a great deal of misconceptions about apprenticeships, meaning you may be missing out on a fantastic Government-backed scheme to accelerate your businesses. Apprentices are for all ages, not just young people - and you can use them to train your current staff, not just new starters!

The apprenticeship brand was created to help businesses upskill and develop their employees professionally, regardless of what stage they are in their career. Here at NTG training we're sure we can support you in finding the best means of delivering exceptional skills training within your business.

## Funding Your Staff Training Is More Affordable Than You Think

If you're an apprenticeships levy payer (i.e. you have a payroll bill over £3 million.) funding apprenticeships is easy - we've even got a [full guide on the subject here](#).

But don't worry, if you're a smaller business, funding apprenticeships is a piece of cake too. The government will cover 95% of the training costs, and you'll only need to contribute between 0-5% depending on your business circumstances.

There's never been a better time to engage with apprenticeships - if you take on a new apprentice between now and September 30th 2021, you'll get a grant of £3,000 for every apprentice you take on. You'll also get a further £1,000 per apprentice if they are aged 16-18 and you have less than 50 employees.

## 98% of Our Learners Pass Their Assessment First Time

There's no better way to get a ROI on staff training!

## Delivering COVID-19 Safe Training

We understand that it can be hard to imagine staff training during these difficult times, but we've created new delivery models to make things simple.

- **Virtual Classrooms** - All our courses can be delivered fully online via our virtual classrooms. This model is the equivalent to face to face but with no physical contact required. After each session, the person will get sent the recording of which can be used to refer back to.
- **Face to Face** - NTG can offer face to face training. We are COVID-19 compliant and tutors have all the required PPE to ensure that all sessions can be ran in a safe manner.
- **Blended** - We can offer a blended approach using face to face and virtual classrooms.

# Courses We Offer

# Get Up to £4,000 In Apprenticeship Incentive Grants

**The Apprenticeships Incentive Scheme has been extended and funding has now been doubled.**

Growing a business during a pandemic is hard, but it also presents an incredible opportunity to take advantage of exclusive government incentives that may never happen again.

Did you know? If you take on an apprentice between now and September 30th 2021, you could get up to £4,000 as a grant?

Businesses who hire an apprentice will now receive £3,000, no matter what age the apprentice is. They will also gain an additional £1,000 on top if their apprentice is 16-18 and they have less than 50 employees.

**Apprentices can be any age and they can study up to a Master's Degree level.** Gain skilled staff with a tiny investment – apprenticeship training fees are funded up to 95% by the government for the vast majority of businesses!

## £3,000

**Get £3,000 for every single apprentice you take on between now and September 30th 2021.**

The grant is cash from the government and is paid directly in to your bank account.

Your new apprentice can be any age, and there's no limit to how many apprentices you can hire to claim the grant.

The grant is paid in two instalments, £1,500 3 months into your hire's apprenticeship, and £1,500 12 months into their apprenticeship.

## + £1,000

**You can claim an extra £1,000 on top of the original £3,000 grant if your apprentice is aged 16-18, and you have less than 50 employees.**

You can also claim this £1,000 extra grant if your apprentice is under 25 with an Education, Health and Care Plan.

We'll talk you through the entire process and explain exactly what you can claim. Then, when you're ready, we'll make the claim on your behalf, making the whole process effortless.

**NTG**  
TRAINING

**There's never been a better time  
to hire a new apprentice.**

Grow your business post-pandemic with a new expert team member,  
or upskill staff in essential new skills.

**If you need any further information,  
we're always here to help.**
