TRAINING

Course Overview

Digital Marketing is the use of digital media to attract and engage with current and potential customers, for example online advertising, email marketing, and search engine optimisation. The rich data generated enables granular analysis of what has worked, demanding analytical and creative skills above those demanded in traditional marketing and advertising.

Learners will be expected to work on their own, undertaking projects or aspects of projects for which they will have sole responsibility. The optional groups in the qualification are designed to support the learners' journey and their chosen career within this sector.

The Level 4 Diploma in Digital Marketing is the key component of the Higher Level Apprenticeship in Social Media and Digital Marketing.

This is a 18-month apprenticeship program.

The programme is delivered during normal working hours and training can be flexible to meet the needs of your organisation. We use a blend of online, webinar and practical sessions, and the apprentice will receive regular 1-1 sessions and support from their tutor.
