Learning Journey

Why Choose NTG Training?

Smarter People, Stronger Business

We don't simply deliver apprenticeships—we develop confident improvement professionals who make a measurable difference to business performance.

- ✓ Experienced Lean Manufacturing specialists with real industry expertise
- ✓ Workplace projects based on your organisation's live business challenges
- ✓ Flexible delivery to minimise disruption
- ✓ Dedicated tutor and employer support throughout the programme
- ✓ Practical projects delivering measurable cost savings and productivity improvements
- ✓ Designed around your organisation's goals, not generic case studies

Funding Made Simple

Course Value: £4,000

Government apprenticeship funding is available.

Levy Employers

Use your Apprenticeship Levy funds to fully fund this apprenticeship.

Non-Levy Employers

Eligible employers typically contribute just 5%, with the Government funding the remaining 95%. Apprentices aged 16–24 may be fully funded, subject to eligibility.

We Handle Everything

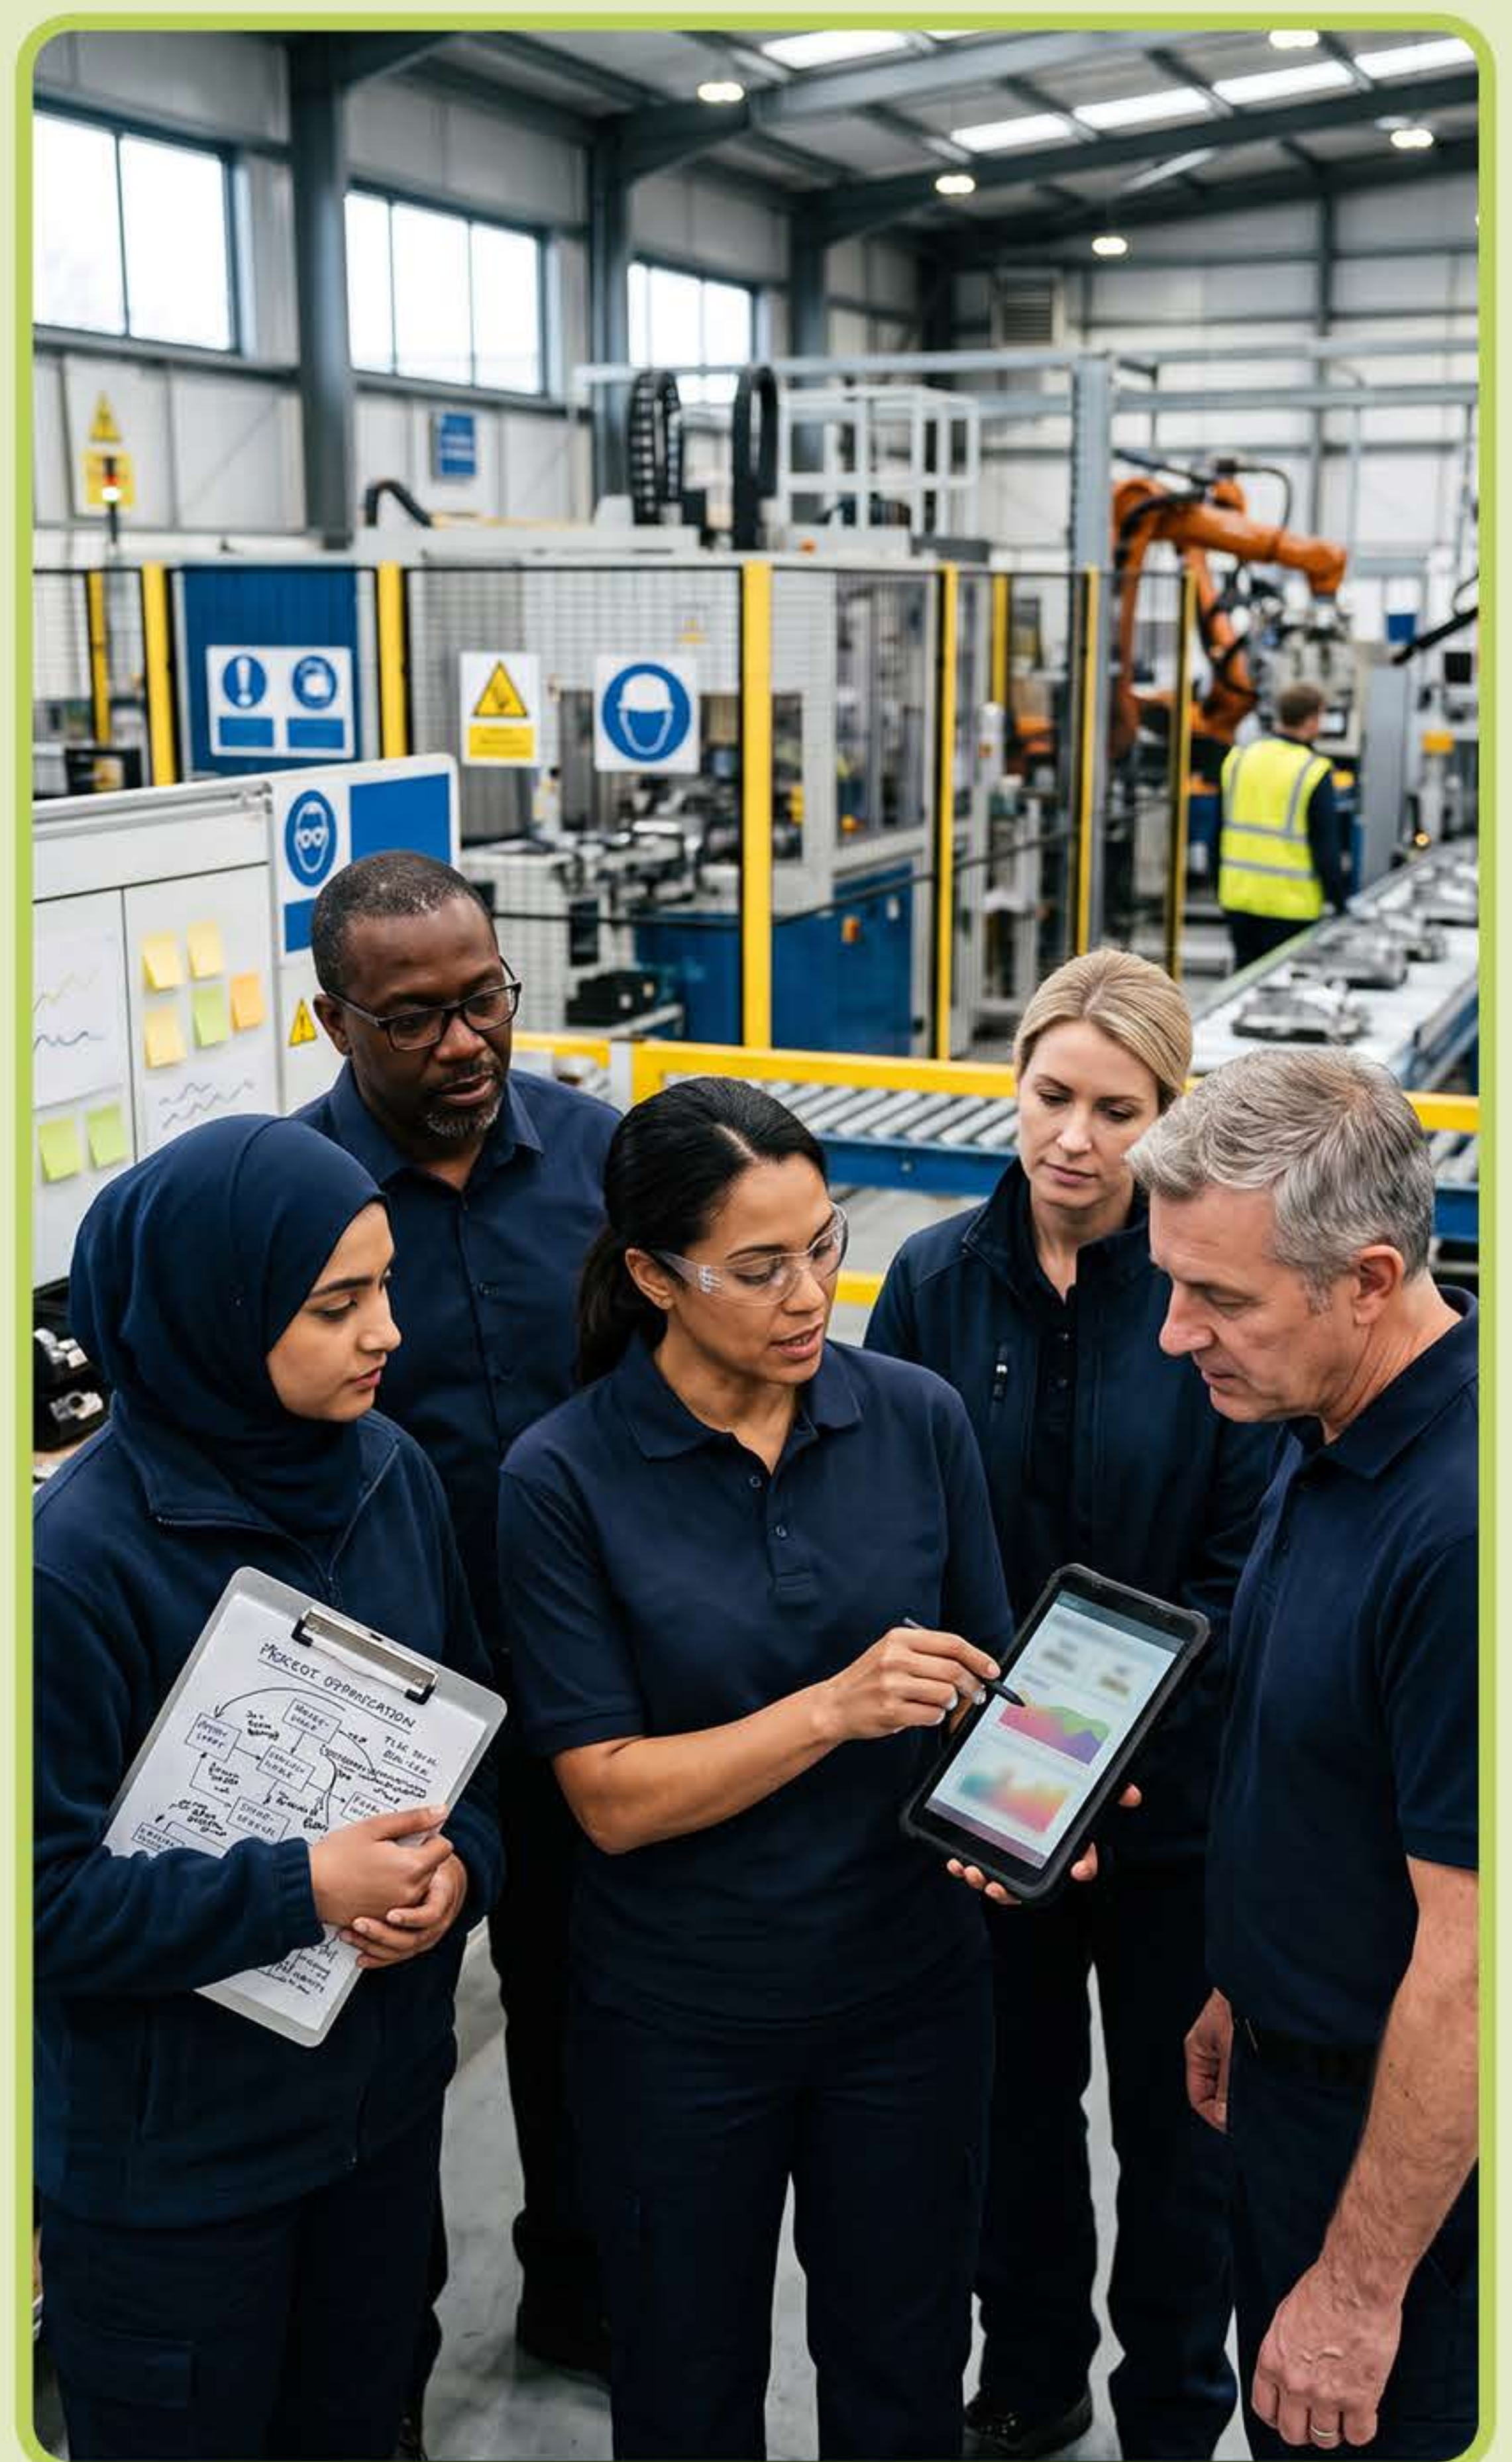

We'll manage the entire apprenticeship funding process on your behalf, from eligibility checks through to application, making the process simple, straightforward and hassle-free.

The Benefits to Your Organisation

- Increase productivity
- Reduce waste and costs
- Improve quality
- Develop future leaders
- Enhance employee engagement
- Embed a culture of continuous improvement
- Deliver measurable return on investment
- Improve operational efficiency
